CONTENTS

OVERVIEW OF JULY 1, 2026 CERTIFIED POPULATIONS 3

PART 1: 2026 CERTIFIED AGGREGATE POPULATION 4

PART 2: 2026 CERTIFIED POPULATION OF INCORPORATED MUNICIPALITIES AND EQUIVALENTS 5

PART 3: 2026 CERTIFIED POPULATION OF COUNTIES AND SUBCOUNTY AREAS 25

OVERVIEW OF JULY 1, 2026 CERTIFIED POPULATIONS

The 2026 population figures are those certified by the Department of Economic and Community Development in accordance with the provisions of § 4-3-710, 9-16-101, 67-6-103, 54-4-203 and 57-5-205 of the Tennessee Code Annotated for use in the distribution of state shared taxes to incorporated municipalities and counties.

The Department of Economic and Community Development certifies the population of each county, municipality, subcounty area, and the aggregate population of the state, for use in the population-based allocation and distribution of state-shared revenues. The certified populations are provided to the Department of Revenue and the Department of Finance and Administration. Historically, certified populations have been based on the regular decennial federal census and on special censuses conducted during the interim between decennial censuses. A county or municipality may conduct a special census either through its own enumeration, in a manner satisfactory to the Department of Economic and Community Development, or by using the services of the U.S. Census Bureau. Beginning with this report, Public Chapter 501, enacted May 21, 2025, requires that the population of each county and municipality be revised and certified annually during the interim between the regular decennial federal census. Under the terms of the act, the Boyd Center for Business and Economic Research at the University of Tennessee, through the Tennessee State Data Center, generates annual population estimates for each county and municipality and provides the estimates to the Department of Economic and Community Development for review and certification.

For 2026, the certified populations presented in this report are based on the Vintage 2025 Population Estimates produced by the U.S. Census Bureau, which reflect estimated resident population as of July 1, 2025. Those estimates include any special censuses conducted by the agency. Where a county or municipality has had a special census certified by the Department of Economic and Community Development during the interim between the 2020 decennial federal census and the date of this report, and the special census count exceeds the corresponding Census Bureau population estimate at the time of enumeration, the population estimate has been adjusted to reflect the special census result, with Census Bureau-estimated population net change applied forward from the point of enumeration to arrive at the July 1, 2025, estimate. Special census counts that do not exceed the corresponding Census Bureau estimate have not been used. In the state's three metropolitan counties, the population of the Urban Services District and the General Services District, as described in Tennessee Code Annotated § 7-2-108(a)(5), has been estimated separately from the consolidated county population to ensure compatibility with statutory provisions governing the allocation of municipal-shared revenues.

PART 1: 2026 CERTIFIED AGGREGATE POPULATION

2026 Tennessee Certified Population Report

Part 1: 2026 Certified Aggregate Population

Area	Aggregate Population
State	7,317,201
Municipalities and equivalents	4,228,793
Unincorporated areas and equivalents	3,088,408

PART 2: 2026 CERTIFIED POPULATION OF INCORPORATED MUNICIPALITIES AND EQUIVALENTS

The 2026 population figures are those certified by the Department of Economic and Community Development in accordance with the provisions of § 4-3-710, 9-16-101, 67-6-103, 54-4-203 and 57-5-205 of the Tennessee Code Annotated for use in the distribution of state shared taxes to incorporated municipalities.
